

# AQQA MINI WATER CHANGER

## Product User Guide:

1st step : connect 2 tubes onto both end of the balloon; put elbow connector to the long tube

2nd step: connect acrylic water inlet to the elbow connector of the long tube

3rd step: hold the elbow connector by one hand and put the water inlet into the fish tank for cleaning; use the other hand to pinch the balloon for 3-4 times and the water will start draining.

**Attention:** Be sure not to break the acrylic water inlet .

**\*\*\*\*\* Please read the manual before using \*\*\*\*\***
