

AQ055 USER MANUAL

AQQA Aquarium Gravel Cleaner

Aquarium Gravel Cleaner is a versatile manually operated tool for cleaning gravel, washing sand and changing water. This gravel cleaner is the latest design available: more unique and exquisite appearance, easier to use and with stronger suction power. It can easily clean the debris hidden in the sand or water. Ideal for cleaning gravel and changing water, providing the best environment for your aquarium life.

Please read this user manual carefully before using and follow strictly in accordance with the manual.

1. PRODUCT FEATURES

- **Multi-functional:** This Gravel cleaner can be used for water changes, sand washing and vacuuming, and can easily remove small fish droppings, impurities, and turbid water from aquarium.
- **Unique Design:** This Gravel cleaner is the latest design, with greater suction power to provide a better user experience. Besides that, this cleaner has a patented design for a more comfortable grip.
- **Adjustable Waterflow:** This aquarium gravel cleaner comes with 3 extension tubes for a total length of 32.7 inches. It extends from 16 inches to 32.7 inches. It is suitable for depths up to 29 inches aquarium. One-hand operation allows you to adjust the flow rate or on/off switch.
- **Anti-clogging and Powerful Suction:** The bottom sand cleaner has an internal filter to prevent gravel clogging, effectively separating and removing debris from the aquarium.
- **Powerful Vacuum Cleaner:** It has enough suction power and allows you to clean every corner of the tank without having to get your hands wet-with rapid water drainage.

2. INSTALLATION

3. INSTRUCTIONS FOR USE

1. Connect the water inlet and outlet before using. Put the extension tube into aquarium and the water outlet into a bucket. When using this gravel cleaner, the water outlet must be at least 19.7 inches below the water inlet.

2.Immerse the water inlet into the water. Pump several times with the hand pump to draw in water. The controller can be operated with one hand and regulates the flow rate or shuts off the hose.

5. ONE YEAR LIMITED WARRANTY

This product **MUST** be purchased from an authorized AQQA reseller. Visit our website for a list of authorized resellers. AQQA warrants this product against defects in materials and workmanship for **ONE (1) YEAR** from the date of the original retail purchase and is non-transferable.

Warranty on all products, including aquariums. But it is limited to the replacement of the products and does not cover fish loss, personal injury, property loss or direct, incidental or consequential damage caused by using this product.

Note: AQQA One-year Limited Warranty does not cover damage caused by the followings: improper installation, saltwater corrosion, electrical surges or modifications. Additionally, products that have been refunded are also not covered under the warranty.

If you discover a defect, please contact AQQA, who will, at its option, repair or replace the product at no charge, provided that you return it during the warranty period. A copy of the bill of sale is required as proof of the original purchase date in the event of the product needing repairs within the warranty period. AQQA does not warrant any products that are not AQQA's.

This warranty does not apply if the product has been damaged by accident, abuse, misuse or misapplication, or modified without the written permission of AQQA.

6. DISPOSAL

Do not dispose of this product as unsorted municipal waste. Collection of such waste separately for special treatment is necessary. This product has to be disposed of at an authorized place for the recycling of electrical and electronic appliances rather than being disposed of together with the domestic waste. Collecting and recycling waste is a way of saving natural resources. So, please consult with your local seller to make sure the product is disposed of in an environmentally friendly way.
